Line of Insurance		

Does filing only apply to certain territory (territories) or certain classes?
If so, specify: AAIC is doing away with the divided rates in Kendall, LaSalle,
and Woodford counties on both our Standard and ADM Preferred
rate sets. There is now one filed rate in those counties. We are
also changing the maximum allowable Dollar Per Acre Limits on
Wheat, Corn and Soybeans. In addition, we are adding a rate for
grapes in Illinois.

Brief description of filing. (If filing follows rates of an advisory
organization, specify organization):

American Alternative Insurance Corporation (AAIC)

The purpose of this filing is to revise our independent 2009 Illinois Crop Hail
Rates. AAIC is doing away with the divided rates in Kendall, LaSalle, and Woodford
counties on both our Standard and ADM Preferred rate sets. There is now one filed
rate in those counties. There is a +2.0% rate impact. We are also changing the
maximum allowable Dollar Per Acre Limits on Wheat, Corn and Soybeans. In addition,
we are adding a rate for grapes in Illinois. All other rates on file remain the
same. We propose an effective date on or after March 01, 2009.

* Adjusted to reflect all prior rate changes.

** Change in Company's premium level which will
result from application of new rates.

American Alternative Insurance Corporation
